TCAP-ALT EVIDENCE SHEET

- The portfolio could contain 3 evidence sheets for each subject area assessed. (Each for a different API)
- The TCAP-Alt Evidence Sheet is a REQUIRED component of the portfolio.
- TCAP-Alt Portfolio Assessments submitted without this completed form will receive an automatic score of zero.

Content 50 points	
Student Name: Grade Level:	Date: (This date should be graphed)
Content Area Assessed (Circle One): Reading/Language Arts Ma	th Science Social Studies
Content Area Standard Assessed:	
Alternate Learning Expectation: (For maximum points, you should have 3 content standards for each subject assess	
(For maximum points, you should have 3 content standards for each subject asses	sed) (Be sure ALE/API is chosen from the
correct grade level)	
Alternate Performance Indicator	
Learning Activity	during the control of
Provide a clear explanation of activity and materials used: *** IMP	OPTANT***
ACTIVITY IS NOT AN API! (Repeating the API is one of the common mistakes) Activity repeat relate to the API.	6)
Activity must relate to the API Activity must be again appropriate.	
 Activity must be age appropriate Scorer should be able to have an image of exactly what the child and teacher 	are doing. A "snanshot" of one lesson
*** If activity is not acceptable, points from other areas may be lost. ***	are doing. At shapshot of one lesson
Choices 20 points	
The student's choice within the activity was in the area of:	
· ·	
(Mark Only One): Materials x Who to work with These are the different types to	a chance from
Reward/positive reinforcement for completing activity When	
Where to work on the activity (Circle Student's Choice)	to work on the activity
Choice 1 Choice 2	Joev
Need three different TYPES of choice across the subject area for maximum n	
 Points for choice will not be given from either the evidence sheet or the graph 	
If activity is appropriate, graph becomes eligible to provide additional points	
Choice must be related to activity and something the teacher would reasonable.	
 (Some invalid choices are: refrain from hitting, to do or not do activity, taking to not a valid choice.) 	urns. If activity is copying from board, "looking" is
not a valid choice.)	
Sottings 10 points	
Settings 10 points
